

AI FULL STACK DEVELOPER

Company:	Cyepro Solutions Private Limited
Location:	Gachibowli, Hyderabad & Khammam
Email:	Hr-admin@cyepro.com
Experience:	Freshers to 3+ Years
Job Type:	Full-time Field Sales

ABOUT CYEPRO SOLUTIONS

Cyepro Solutions is a Hyderabad-based technology company specializing in innovative automotive CRM and enterprise solutions. We provide cloud-native platforms that help manufacturers and dealers manage their businesses through intelligent automation and data analytics. Our cutting-edge solutions optimize workflows, streamline sales processes, and revolutionize the automotive industry using modern technology stacks and AI-driven insights.

ABOUT THE ROLE

We seek a passionate Full Stack Developer for our fast-paced team. You'll work on cutting-edge projects leveraging microservices architecture, full-stack technologies, and AI to build scalable enterprise solutions.

KEY RESPONSIBILITIES

- Develop web applications using MERN stack (MongoDB, Express.js, React.js, Node.js)
- Build enterprise applications using Spring Framework and Spring Boot
- Design and implement microservices-based architectures
- Leverage AI tools to create intelligent automated solutions
- Take ownership of critical tasks and deliver quality solutions
- Write clean, maintainable code following best practices
- Collaborate with teams and participate in code reviews

REQUIRED TECHNICAL SKILLS

- Strong proficiency in MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Experience with Spring Framework and Spring Boot
- Understanding of Microservices Architecture and design patterns
- Hands-on experience with AI tools (ChatGPT, Claude, GitHub Copilot, etc.)
- Knowledge of RESTful APIs, API Gateway, and service mesh
- Database design and management (SQL and NoSQL)
- Version control with Git
- Cloud platforms (AWS, Azure, GCP) and Docker/Kubernetes is a plus

QUALIFICATIONS & ATTRIBUTES

- Bachelor's degree in Computer Science, Engineering, or related field
- 0-2 years of experience (Freshers with strong portfolio welcome)
- Exceptional problem-solving and analytical abilities
- Self-motivated with passion for learning new technologies
- Strong communication and teamwork skills
- Ability to thrive in fast-paced, agile environments

WHAT WE OFFER

- Work on cutting-edge automotive technology and AI-driven projects
- Fast-paced, innovative culture with collaborative environment
- Professional growth and learning opportunities
- Competitive compensation package
- Hands-on experience with enterprise applications
- Mentorship from experienced professionals
- Flexible and supportive work environment

PREFERRED SKILLS (GOOD TO HAVE)

- Experience with automotive industry or CRM systems
- Knowledge of DevOps practices and CI/CD pipelines
- Familiarity with GraphQL or real-time technologies
- Understanding of Agile/Scrum methodologies
- Active GitHub profile or open-source contributions

HOW TO APPLY

Send your resume, portfolio (GitHub/projects), and a brief cover letter to:

Hr-admin@cyepro.com
