

SENIOR UI/UX DESIGNER

Company:	Cyepro Solutions Private Limited
Location:	Gachibowli, Hyderabad, Telangana
Email:	Hr-admin@cyepro.com
Experience:	8+ Years
Job Type:	Full-time Immediate Joiner

ABOUT CYEPRO SOLUTIONS

Cyepro Solutions is a Hyderabad-based technology company specializing in innovative automotive CRM and enterprise solutions. We provide cloud-native platforms that help manufacturers and dealers manage their businesses through intelligent automation and data analytics. Our cutting-edge solutions optimize workflows, streamline sales processes, and revolutionize the automotive industry using modern technology stacks and AI-driven insights.

ABOUT THE ROLE

We are seeking an experienced and creative Senior UI/UX Designer to join our team immediately. You will lead the design of user-centric interfaces for our automotive CRM platform and enterprise solutions. This role requires a seasoned professional who can translate complex business requirements into intuitive, engaging user experiences while maintaining consistency across our product ecosystem. You'll leverage cutting-edge AI design tools to create even more stunning and innovative designs that push creative boundaries.

KEY RESPONSIBILITIES

- Lead end-to-end design process from user research to final implementation
- Create user personas, journey maps, wireframes, prototypes, and high-fidelity designs
- Design intuitive interfaces for web and mobile applications in the automotive domain
- Leverage AI-powered design tools to create stunning, innovative designs and accelerate workflows
- Conduct user research, usability testing, and gather feedback for continuous improvement
- Collaborate with product managers, developers, and stakeholders to define requirements
- Establish and maintain design systems, style guides, and component libraries
- Present design concepts and defend design decisions to stakeholders
- Mentor junior designers and provide constructive feedback
- Stay updated with latest UI/UX trends, AI design tools, and best practices
- Ensure designs are accessible, responsive, and optimized for performance

REQUIRED SKILLS & EXPERTISE

- 8+ years of proven UI/UX design experience, preferably in SaaS or enterprise applications
- Expert proficiency in design tools: Figma, Adobe XD, Sketch, or similar
- Experience with AI design tools (Midjourney, DALL-E, Adobe Firefly, Galileo AI, etc.) to create stunning visuals
- Strong portfolio demonstrating complex B2B/enterprise product designs
- Expertise in creating wireframes, prototypes, and interactive mockups
- Deep understanding of user-centered design principles and methodologies
- Experience with user research techniques, usability testing, and A/B testing
- Knowledge of design systems, atomic design, and component-based architecture
- Understanding of front-end technologies (HTML, CSS, JavaScript) for design handoff

REQUIRED SKILLS & EXPERTISE (CONTINUED)

- Experience with responsive and mobile-first design
- Strong visual design skills with attention to typography, color theory, and layout
- Ability to work in agile/scrum environments
- Excellent communication and presentation skills
- Experience with CRM, automotive, or enterprise software is highly preferred

QUALIFICATIONS & ATTRIBUTES

- Bachelor's/Master's degree in Design, HCI, or related field
- Minimum 8 years of professional UI/UX design experience
- Immediate joiner (Notice period: 0-15 days maximum)
- Strong problem-solving skills and analytical thinking
- Detail-oriented with a passion for creating pixel-perfect designs
- Ability to manage multiple projects and meet tight deadlines
- Self-motivated leader who can work independently and in teams
- Experience working with cross-functional and distributed teams

WHAT WE OFFER

- Opportunity to shape the design of cutting-edge automotive technology products
- Lead design initiatives and influence product strategy
- Work with latest design tools and technologies
- Collaborative and innovative work culture
- Competitive compensation package commensurate with experience
- Professional growth opportunities and skill development
- Flexible work environment with supportive team
- Chance to work on challenging enterprise-scale projects

PREFERRED QUALIFICATIONS

- Experience designing for automotive, CRM, or sales management platforms
- Proficiency with AI-powered design tools and plugins (ChatGPT for copy, AI image generators, etc.)
- Knowledge of motion design and micro-interactions
- Familiarity with design thinking workshops and facilitation
- Experience with analytics tools (Google Analytics, Hotjar, etc.)
- Understanding of accessibility standards (WCAG 2.1)
- Published design work or speaking engagements at design conferences

HOW TO APPLY

If you're an experienced UI/UX designer ready to make an immediate impact, send your resume, portfolio (Behance/Dribbble/PDF), and a brief cover letter explaining your design philosophy to:

Hr-admin@cyepro.com

Subject: Application for Senior UI/UX Designer - Immediate Joiner

Note: Portfolio submission is mandatory. Only candidates with immediate availability will be considered.
